Brian's background as a Client Account Manager, Technology Executive and successful business owner makes him a great fit in interviewing, awarding, and supporting the local unit franchisees. We are proud to have Brian as our newest Area Developer.

"With such great success in the other territories, it was an easy decision to open the Bradenton and Sarasota, FL office", says Brian, who was awarded Area Developer rights to Bradenton and Sarasota, FL territory. "As an Area Developer at Jantize I'm working on the business, not in the business and building residual income".

Jantize has a proven franchise concept that allows small business owners/franchisee to capitalize on the commercial cleaning & facility services industry. Brian says, "Basically, we form franchise-partnerships with the regional franchise support office and our local unit franchisee. Jantize America provides extensive AR/AP support and I provide the customers to the unit franchisees. I'm responsible for the sales, marketing, and new business development in my territory. The Franchise Support takes care of the billings, credits, collections and all the hassles and headaches associated with them so I can focus on my strengths, sales and marketing, to fulfill the obligations to my local unit franchisees."

The Unit Franchise focuses on their customers and the nightly operations.

Our clients thus receive the best of both worlds, the service of a small business person, backed by a regional developer and experienced franchisor.

"The Jantize Area Developer program gives me the opportunity to build and support small businesses throughout Bradenton and Sarasota, FL. I have invested my reputation, hard work and capital into the expansion" says Brian. "Most of all I have a desire to help the small business owners in Sarasota and Bradenton".

"My goal is to provide superior customer service to franchisees, customers, and community. I'm helping others live the American dream of becoming their own boss, the unit franchisees are in business for themselves, but not by themselves!"
